Project objectives

- Build capacity and improve knowledge for Natura 2000 site managers across three identified competence areas
- Promote ‘competence-based’ approaches focusing on what managers need to know and be able to do
- Engage a representative range of managers across the EU – site based staff, private landowners, PA staff, rangers etc.
- Work with a core group of 60 project participants & 500 other ‘casual users’
- Test a mix of innovative e-learning tools and methods to access information & connect peers
- Develop three core modules and provide ‘blended learning’ experiences – a mix of workshops, webinars, interactive on-line materials, demonstration video diaries and a new web-based hub.

This workshop

- Identify common capacity building needs
- Discuss ‘typical functions’ required of Natura 2000 managers – what they do, need to know & how they do it
- Identify competences specifically required - and by competence we mean ...

“a proven ability to perform a task, fulfil a function, do a job.”

- Discuss types of (e-) learning methods & tools that may be useful to build capacity, improve knowledge and develop competences
- Discuss ways to engage young people & mobilise their skills through the project
- Encourage you and your colleagues to become involved!
