Y EL RETO DEMOGRÁFICO

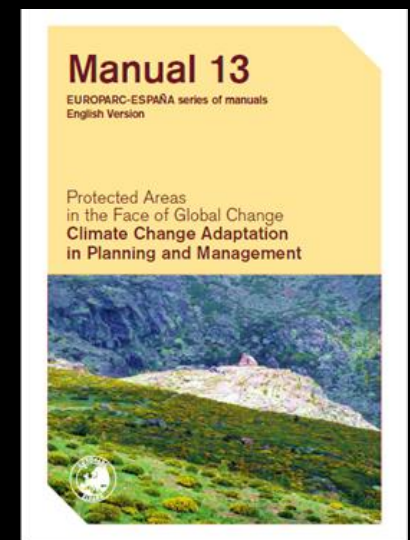

Protected areas are privileged places to learn about and act on climate change

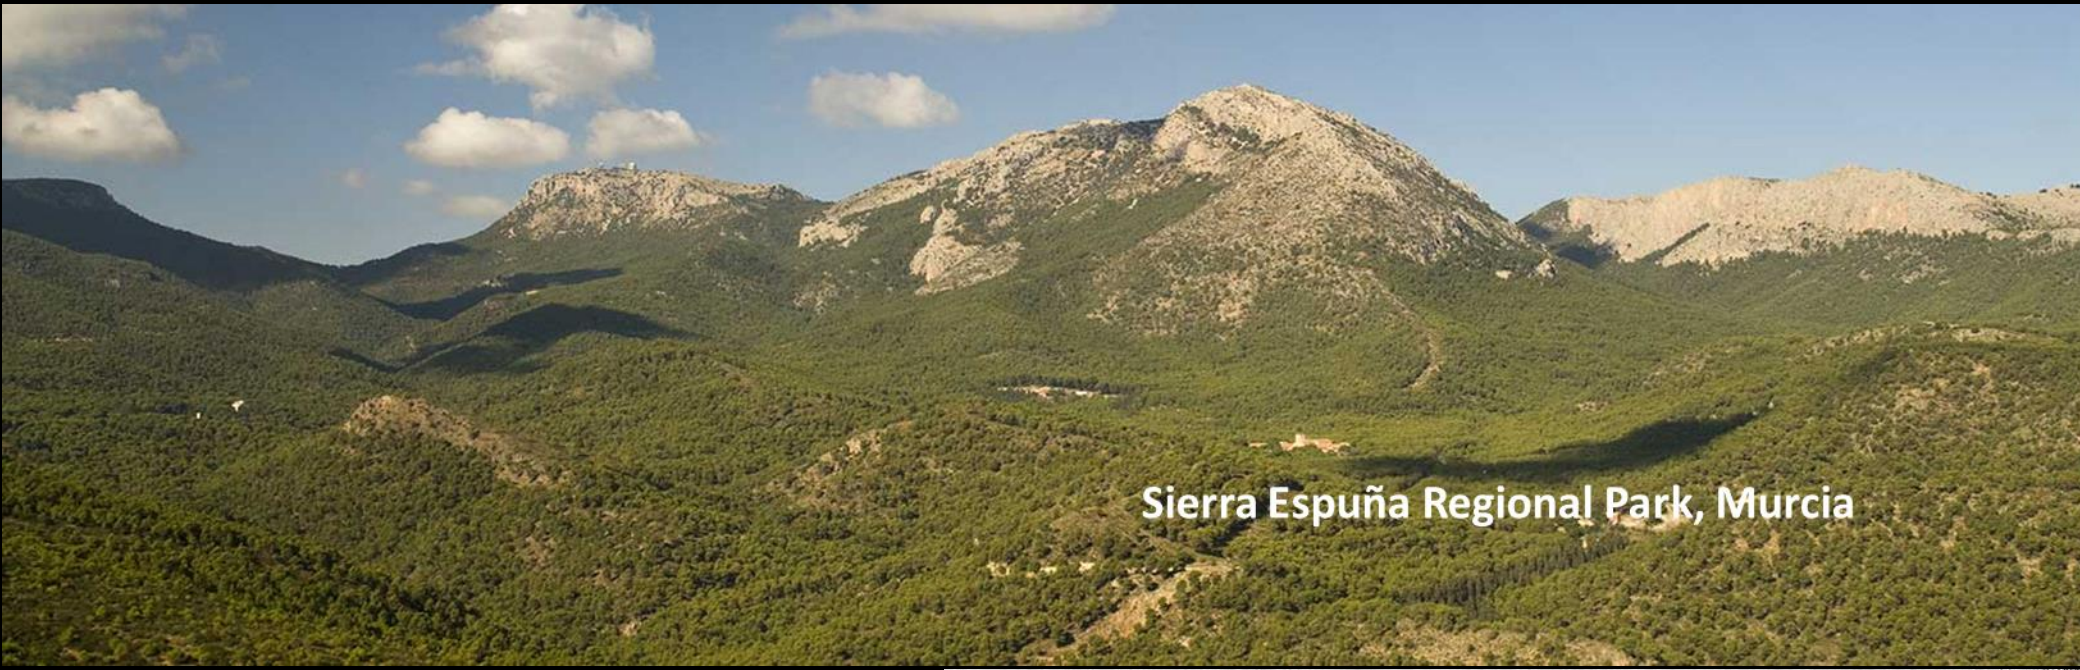

Project goals and actions

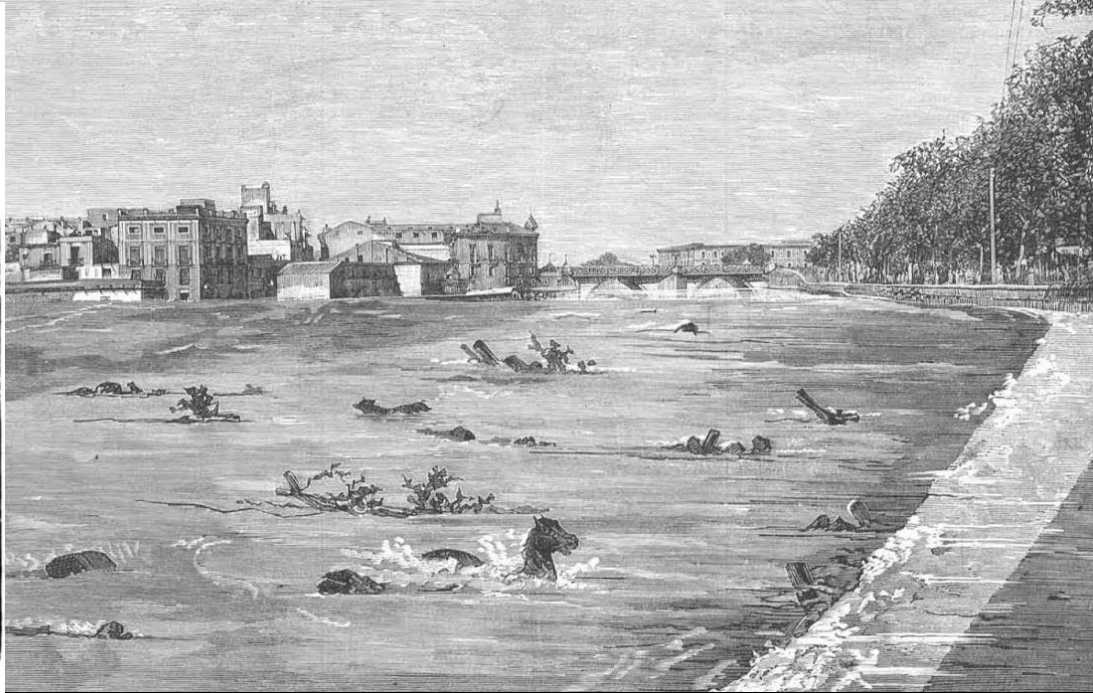

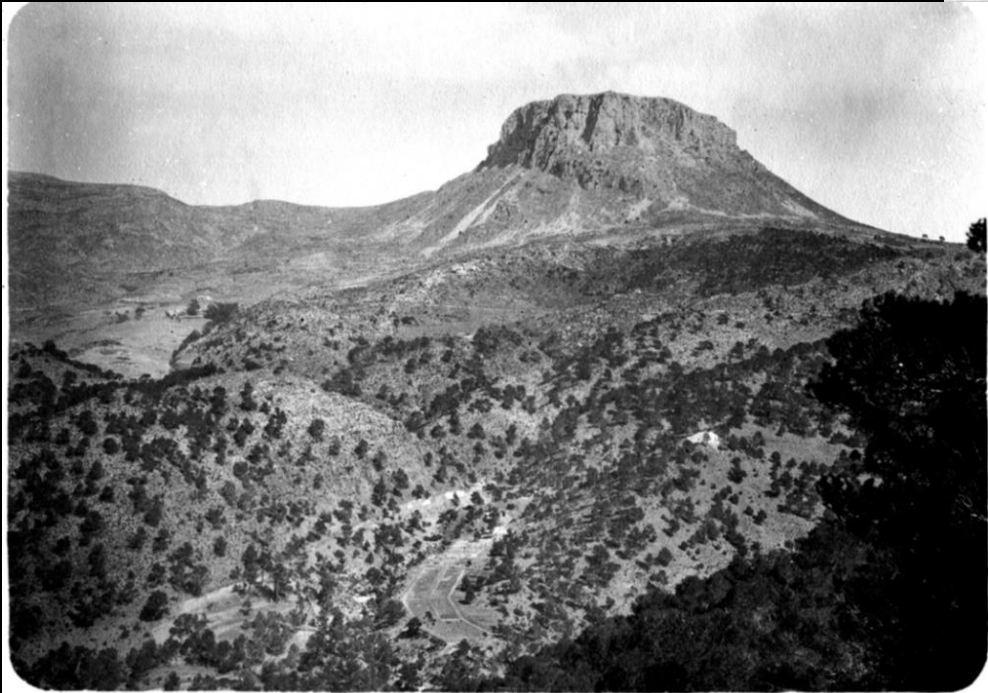

1. Increase **training** on climate change adaptation measures: **webinars**
2. Analyse stakeholders' **perception** about CC: **Social research**
3. Increase **involvement** of stakeholders: **Workshops**
4. Promote social & institucional **recognition**: **Award and public event**
5. **Disseminate** lessons learnt
