

# 19<sup>th</sup> International Junior Ranger Camp

# INVITATION

# 19<sup>th</sup> International Junior Ranger Camp

## How to get there:

Plan your travels to either the Aalborg Train Station or the Aalborg Airport. We will arrange shuttles to pick you up.

We highly value sustainability and would request that the chosen modes of travel are as eco-friendly as possible. Note that the shuttles will try and collect as many together as possible so some of you will have to wait a short while.

We expect the earliest arrivals on Friday the 7th at noon and latest at Saturday 12:00 sharp.

You may leave earliest on Thursday the 13th at noon and latest on Friday 10:00 from the accommodation venue.

# 19<sup>th</sup> International Junior Ranger Camp

## Accommodation and camp location:

The accommodation is a summer vacation refuge near the sea. It will be exclusive for the International Junior Ranger Camp. There will be no duvets and pillows available. Please bring your own sleeping bag, and a sheet for the mattress. If anyone would like to sleep outside and hear the sounds on the ocean, there are outside sleeping shelters but you should bring a camping mattress or sleeping mat. Additionally, if anyone needs to buy small items, there is a grocery store close by.

You can read more about the location at

[www.fdf-moellegaarden.dk/faciliteter/](http://www.fdf-moellegaarden.dk/faciliteter/)

## Camp programme:

The programme will be 7 days of fun, learning, working and laughing! We will learn about the community of Frederikshavn, how a Municipality manages a mosaic of Protected Areas and coastal nature restoration. The Danish Junior Rangers are excited to host you and share some fun activities with you like bonfire dinners and stand-up paddleboarding. We even have land art activities planned!

## Registration:

Please download the registration form from the EUROPARC website and register by sending the completed form to [Jessica.micklem@europarc.org](mailto:Jessica.micklem@europarc.org) by email and then send the original copies by post to:

EUROPARC Federation e.V.  
Waffnergasse 6  
93047 Regensburg  
Germany

Link to website:

<https://www.europarc.org/international-junior-ranger-camp/>

Once your registration is successful, we will send you a form to fill out with logistical details for the camp such as dietary requirements etc.

**The registrations will close on Friday the 17th March**

## Contact points

For any camp logistics please contact

Bo Storm: [bost@frederikshavn.dk](mailto:bost@frederikshavn.dk)

For any registration or international questions, contact

Jessica Micklem-Kolenic: [Jessica.micklem@europarc.org](mailto:Jessica.micklem@europarc.org)

## About the host

Frederikshavn is both the longest and the smallest municipality in Denmark. The nature is influenced by the ocean with salty marshes and fantastic dune landscapes. In summer many tourists come to this holiday destination at the top of Denmark where two oceans meet. The port is also the main point for travel from Denmark to Sweden and Norway by ferry.

# 19<sup>th</sup> International Junior Ranger Camp

## About the local Junior Ranger programme:

The Frederikshavn Junior Rangers were established in 2017. Every year, ca. 18 young people participate in an educational journey until they officially become Junior Rangers and can join the larger group. The Junior Rangers run educational events in nature, in their own schools and participate in local nature conservation. They love meeting Junior Rangers from other places and have already visited the Bavarian Forest and Iceland, to see the nature and meet with the local rangers.

A big thank you to  
Frederikshavn Kommune  
for going above and beyond  
to host the biggest  
International Junior Ranger  
Camp to date!
