Case studies

4 Tables

Per Table

1. Park manager

2 people

2. A lifestyle

2 -3 people

3. Antagonistic lifestyle

2 -3 people

For a lifestyle

- what **recreation activities** they will prefer
- what **impacts** they will more prone to cause
- what **parts of the park** they will visit most
- what **information** they will like more to receive
- what **communication channel** they will prefer

Case 1: National Park Zuid Kennemerland

How will the manager make his area **accessible** and **redesign the entrance?**

Pleasure seekers vs. **Insight** seekers

Case 2: Recreational area Spaarnwoude

The manager sits at the table with two different groups of visitors and discusses the plans

Peace seeker vs. Adventure seeker

Case 3: Municipality of Haarlem

The city planner and the urban ecologist sit down with two lifestyles to come up with a design for the city edge bordering both neighbourhoods.

Harmony seekers vs **Style** seekers

Case 4: Waterleidingduinen of Amsterdam

The manager will investigate the possibilities to facilitate the adventure seeker. However, the condition is that the breeding bird populations that may suffer from disturbance by visitors are maintained

Style seeker vs. Adventure seeker
