Similar condition, similar fee: When doing this confirmation of members' status it will be confirmed if similar members with the same category are paying similar fees, for example, the same kind of member (status) in the same category should pay similar fees.

Group F- Supporting Organisations members: this category has been created to include all members that do not fit into the previous existing categories as well as members that having been classified in one of the other categories have requested a transference to this category due to a temporary budget limitation that limits their ability to pay the full membership.
