Contexte

Le quartier dit de la Mandelette est un quartier residentiel. La surface de la parcelle engazonnée est de 100 m² environ et elle manque d'identité, mis à part la présence des poteaux verts métalliques conçus pour accrocher les suspensions à fleurir.

AVANT

APRES

Problématique

Les structures en métal, de récuperation, même si elle sont en bon état, marquent la parcelle et montrent, de manière évidente, la date de leur conception (année '90). Le projet de fleurissement, avec des vivaces et deux sujets arborés, prévoit, à terme, d'éliminer les-dits poteaux.

Références

Dans l'esprit de vouloir zaracteriser chaque quartier de la ville historique de Mareuil, la pancelle est adaptée pour acueillir deux sujets d'hauteur limitée et quelques centaines de vivaces. L'ensemble étant pensé comme un signe de bierwenue l'entrée du lotissement.
