Workshop 16
New ways for building professional capacities

The project and all actions are made possible with support from the LIFE financial instrument of the European Community.
A LIFE Preparatory Project made possible with the support of the LIFE financial instrument of the European Community

Full name: LIFE e-Natura2000.edu: supporting e-learning & capacity building for Natura 2000 managers

Total budget: €845k
Project period: 1.4.2018 to 31.07.2021
Involves: 7 partners from 7 countries
Participants from across the EU in private & public land
Includes:
6 Implementation actions
5 Communication actions
5 Project management actions
34 Deliverable outputs
Project objectives

• Build capacity and improve knowledge for Natura 2000 site managers across three identified competence areas
• Promote ‘competence-based’ approaches focusing on what managers need to know and be able to do
• Engage a representative range of managers across the EU – site based staff, private landowners, PA staff, rangers etc.
• Work with a core group of 60 project participants & 500 other ‘casual users’
• Test a mix of innovative e-learning tools and methods to access information & connect peers
• Develop three core modules and provide ‘blended learning’ experiences – a mix of workshops, webinars, interactive on-line materials, demonstration video diaries and a new web-based hub.

This workshop

• Identify common capacity building needs
• Discuss ‘typical functions’ required of Natura 2000 managers – what they do, need to know & how they do it
• Identify competences specifically required - and by competence we mean …
  “a proven ability to perform a task, fulfil a function, do a job.”
• Discuss types of (e-) learning methods & tools that may be useful to build capacity, improve knowledge and develop competences
• Discuss ways to engage young people & mobilise their skills through the project
• Encourage you and your colleagues to become involved!
