

Registration Form

Joining the Transboundary Parks Programme

Important Information Before You Register

Welcome! We're thrilled that you're interested in becoming part of the only European certification scheme dedicated to Transboundary Protected Areas. At EUROPARC, we believe that cross-border cooperation strengthens both nature conservation and local communities. By joining the Transboundary Parks Programme, you'll help expand and enrich the TransParcNet — a growing network of committed protected areas across Europe.

Who Can Join?

To participate in the Transboundary Parks Programme, your protected area/organisation must be a member of the EUROPARC Federation.

- If your area is already a member, you may proceed with registration.
- If not, you will need to apply for EUROPARC membership by emailing us at europarc@europarc.org when registering as a candidate Transboundary Park.

Fees and Further Guidance

A registration fee applies. Please consult the document: '[Guidelines for Protected Areas – Becoming a Member of the Transboundary Programme](#)' for full details on eligibility, fees, and the certification process.

How to Register

Please complete the accompanying registration form and send either scanned or digital version of it by email to: europarc@europarc.org

Confidentiality Assurance

All information shared between the EUROPARC Federation and applicants will be treated as strictly confidential. No data related to the registration or certification process will be disclosed to third parties without the written consent of both the applicant and EUROPARC.
